## 21520 – Rhino Grip Window Suction Cup 21525 – Window / Wall Mount Adhesive Strip

Suction Cup and Adhesive Rhino Grips are designed for mounting to glass windows or for use on any flat vertical surface.

21520

21525

### Mounting Instructions

1. Ensure the surface is clean before Rhino Grip installation. Use a high-quality window cleaner to ensure a long-lasting attachment. Best results are achieved when temperatures are over 50°F.
2. Wet the suction cups lightly before installation for best grip.
3. For adhesive models, remove the adhesive backer strip and place the grip in the desired location.
4. Attach the grip to the mount by sliding into the molded mounting flange.

### Instructions for Use

1. Place the object you would like to secure / transport in the Rhino Grip. Assemble the rubber strap into one of the (3) three positions on the Rhino Grip that will best hold your object. Pull the strap over to the opposite side and secure in one of the (3) three positions that best secures the object.
2. Additional straps, Part Number 87010, are available by contacting Kolpin.
